Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for ***each*** of the following positions as indicated below:

1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- Principal Executive Officer/Chief Elected Official
- Duly Authorized Representative
- Local Stormwater Public Contact
- Stormwater Management Program (SWMP) Coordinator
- Report Preparer

Section 3 - Partner Information

Did your MS4 work with partners/coalition to complete some or all permit requirements during this reporting period? Yes No

If Yes, complete information below.

Submit a separate sheet for each partner. Information provided in other formats will not be accepted. If your MS4 cooperated with a coalition, submit one sheet with the name of the coalition. It is not necessary to include a separate sheet for each MS4 in the coalition.

If No, proceed to Section 4 - Certification Statement.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The BECC will continue to educate the public about stormwater. The Village will continue to post stormwater information on kiosks, in the Village Hall, in the Village's Newsletter and on the MS4 webpage. The Village will continue its membership with the OBCSHPC.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village posted educational stormwater information on kiosks, in the Village Hall and on the MS4 webpage, and installed educational signage at the Community Center. The Village's August and December 2022 newsletters included stormwater related topics including road resurfacing projects, planting projects, sanitation/recycling information, BMPs for snow removal/salt application, paint recycling programs, and pharmaceutical disposal information. The BECC provided residents with information regarding stormwater and other environmental topics through meetings and the BECC website/ Facebook page. The BECC announced and advertised current and future stormwater related initiatives at public meetings and through Facebook, which included an oyster gardening information session, the electronic take back & disposal Earth Day event, the pharmaceutical take-back kiosk, paint recycling programs, and future cleanup events. The Village continued its membership with the Oyster Bay Cold Spring Harbor Protection Committee (OBCSHPC). OBCSHPC expanded their Community Shellfish Gardening program, distributed educational materials to the public, and publicized education and outreach activities through the committee's website, Facebook and email.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The BECC will continue to educate the public about stormwater. The Village will continue to post stormwater information on kiosks, in the Village Hall, in the Village's Newsletter, and on the MS4 webpage. The Village will continue its membership with the OBCSHPC. The Village is considering the addition of a USGS Flood Warning and Water Quality Monitoring System at West Harbor Beach. The station will provide essential information for a long-term study to document how changes in the climate and the watershed affect ecosystem health in Oyster Bay and the Long Island Sound. Data will be continuously collected and available to the public.

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The Village will continue to inform residents about stormwater pollution through information on kiosks, in the Village Hall, in the Village's Newsletter and on the MS4 webpage. The Village will continue its membership with the OBCSHPC, participate in the OBCSHPC programs and report activities of the OBCSHPC at the BECC meetings. The BECC will tentatively plan to host events during the reporting period and continue to embark on clean water projects.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village continued to inform residents about stormwater pollution through information on kiosks, in the Village Hall, in the Village's Newsletter and on the MS4 webpage. The Village continued its membership with the OBCSHPC, participated in various OBCSHPC programs and reported activities of the OBCSHPC at the BECC meetings. The OBCSHPC expanded their Community Shellfish Gardening program and engaged 100+ families to raise 1,000 oysters each (193,000 total) to increase awareness of and involvement in water quality issues affecting the water body. The program also included public meetings, training days, community cleanings, and a year-end celebration. The BECC announced current and future stormwater related initiatives residents can participate in /utilize including the oyster gardening information session, the electronic take back & disposal Earth Day event, the pharmaceutical take-back kiosk, and paint recycling programs. The Village provided information on the Rain Garden App on the MS4 page so homeowners can participate in installing rain gardens on residential property. A kelp pilot study was conducted at the Village marina.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue to inform residents about stormwater pollution through information on kiosks, in the Village Hall, in the Village's Newsletter and on the MS4 webpage. The Village will continue its membership with the OBCSHPC, participate in the OBCSHPC programs and report activities of the OBCSHPC at the BECC meetings. The BECC will tentatively plan to host events during the reporting period and continue to embark on clean water projects.

3.b. What types of illicit discharges have been found during this reporting period?

- Broken Lines From Sanitary Sewer
- Industrial Connections
- Cross Connections
- Inflow/Infiltration
- Failing Septic Systems
- Pump Station Failure
- Floor Drains Connected To Storm Sewers
- Sanitary Sewer Overflows
- Illegal Dumping
- Straight Pipe Sewer Discharges
- Other: None

Empty grid for additional information

4. How many illicit discharges/potential illegal connections have been detected during this reporting period?

0

5. How many illicit discharges have been confirmed during this reporting period?

0

6. How many illicit discharges/illegal connections have been eliminated during this reporting period?

0

7. Has the storm sewershed mapping been completed in this reporting period? Yes No

If No, approximately what percent was completed in this reporting period? %

Empty grid for percentage

8. Is the above information available in GIS? Yes No

Is this information available on the web? Yes No

If Yes, provide URL(s):

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The Village will continue to inspect for Illicit Discharges on a regular basis, and eliminate and document in accordance with procedure.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village continued to inspect for Illicit Discharges on a regular basis. No Illicit Discharges were detected during this reporting period. Village personnel utilized IDDE training available through the OBCSHPC. The Village conducted dry weather outfall inspections for 100% of their outfalls for the 2018-2019 reporting period and has retained Cornell Cooperative Extension to conduct dry weather outfall inspections for 100% of their outfalls for the 2023-2024 reporting period. The Village undertook a pilot kelp project in effort to sequester nitrogen.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will conduct dry weather outfall inspections for 100% of their outfalls for the 2023-2024 reporting period. The Village is considering the addition of a USGS Flood Warning and Water Quality Monitoring System at West Harbor. The station will provide essential information for a long-term study to document how changes in the climate and the watershed affect ecosystem health in Oyster Bay and the Long Island Sound.

MS4 Annual Report Form

Minimum Control Measures 4 and 5.
Construction Site and Post-Construction Control

The information in this section is being reported (check one):

- On behalf of an individual MS4
 On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1a. Has each MS4 contributing to this report adopted a law, ordinance or other regulatory mechanism that provides equivalent protection to the NYS SPDES General Permit for Stormwater Discharges from Construction Activities?

Yes No

1b. Has each Town, City and/or Village contributing to this report documented that the law is equivalent to a NYSDEC Sample Local Law for Stormwater Management and Erosion and Sediment Control through either an attorney certification or using the NYSDEC Gap Analysis Workbook?

Yes No NT

If Yes, Towns, Cities and Villages provide date of equivalent NYS Sample Local Law.

09/2004 03/2006 NT

2. Does your MS4/Coalition have a SWPPP review procedure in place?

Yes No

3. How many Construction Stormwater Pollution Prevention Plans (SWPPPs) have been reviewed in this reporting period?

		0
--	--	---

4. Does your MS4/Coalition have a mechanism for receipt and consideration of public comments related to construction SWPPPs?

Yes No NT

If Yes, how many public comments were received during this reporting period?

		0
--	--	---

5. Does your MS4/Coalition provide education and training for contractors about the local SWPPP process?

Yes No

6. Identify which of the following types of enforcement actions you used during the reporting period for construction activities, indicate the number of actions, or note those for which you do not have authority:

- Notices of Violation #

				0
--	--	--	--	---

Minimum Control Measure 4. Construction Site Stormwater Runoff Control

The information in this section is being reported (check one):

- On behalf of an individual MS4
 On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. How many construction projects have been authorized for disturbances of one acre or more during this reporting period?

		0
--	--	---
 2. How many construction projects disturbing at least one acre were active in your jurisdiction during this reporting period?

		0
--	--	---
 3. What percent of active construction sites were inspected during this reporting period? NT

N	/	A
---	---	---

 %
 4. What percent of active construction sites were inspected more than once? NT

N	/	A
---	---	---

 %
 5. Do all inspectors working on behalf of the MS4s contributing to this report use the NYS Construction Stormwater Inspection Manual? Yes No NT
 6. Does your MS4/Coalition provide public access to Stormwater Pollution Prevention Plans (SWPPPs) of construction projects that are subject to MS4 review and approval? Yes No NT
- If your MS4 is Non-Traditional, are SWPPPs of construction projects made available for public review? Yes No

If Yes, use the following page to identify location(s) where SWPPPs can be accessed.

7. Evaluating Progress Toward Measurable Goals MCM 4

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village goal is to continue to assure that all construction projects that disturb > 40,000 s.f. have an approved Storm Water Pollution Prevention Plan (SWPPP) in place and that it is executed properly during construction.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The inspection and enforcement procedure is in place. Development projects >1.0 acre rarely occur in the Village. All such projects must receive site plan approval by the Board of Trustees or the Planning Board and the site plans are referred to the Village Engineer for review, which assures that a SWPPPP is prepared, and proper inspection is conducted.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village goal is to continue to assure that all construction projects that disturb > 40,000 s.f. have an approved Storm Water Pollution Prevention Plan (SWPPP) in place and that it is executed properly during construction.

6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

To continue to monitor projects which result in land disturbance activities to assure that they meet Village Code including the submission of SWPPPs where required. The Village will be installing green infrastructure practices on Village property in the form of permeable pavers at the Community Center.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The goal is enforced by site plan reviews conducted by the Planning Board and Board of Trustees both of which utilize the Village Engineer to review site plans and assure the containment and disposal of all storm water runoff onsite. 3 raingardens on Village property are inspected and maintained twice a year. The Village installed green infrastructure practices on Village property in the form of permeable pavers at the Community Center.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):

- On behalf of an individual MS4
- On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village will continue good housekeeping operations including annual inspections, removal of materials from structures, the prohibition of the use of fertilizers/pesticides on public property and providing pet waste bags for public use on public property. The Village plans to install permeable pavers at the Community Center (with the goal of slowing/cleaning stormwater runoff before it enters the MS4) and perform catch basin inspections/ cleanings during the next reporting period. Based on drainage investigations conducted along First Avenue, the Village plans to conduct a drainage study in order to identify potential alternatives for improvements. As a long term goal, Nassau County plans to conduct a roadway corridor and drainage improvement project along Bayville Avenue.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village completed the following good housekeeping operations: The Village's street sweeper cleaned Village streets throughout the reporting period; 102 catch basins were inspected and cleaned; inspected/maintained green infrastructure practices located on Village property; continued to prohibit the use of fertilizers and pesticides on public property; provided pet waste bags for public use on Village property; performed drainage investigations along First Avenue. Village personnel utilized stormwater management trainings available through OBCSHPC resources. Additional green infrastructure practices on Village property in the form of permeable pavers have been installed at the Community Center. The Village required Fleet Wash to provide a Third Party Certification.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue good housekeeping operations including annual inspections, removal of materials from structures, the prohibition of the use of fertilizers/pesticides on public property and providing pet waste bags for public use on public property. The Village plans to maintain its rain gardens/permeable pavers and perform catch basin inspections/cleanings during the next reporting period. The Village will perform a self-assessment during the upcoming reporting period. Based on drainage investigations conducted along First Avenue, the Village plans to identify potential alternatives for drainage improvements. As a long term goal, Nassau County plans to conduct a roadway corridor and drainage improvement project along Bayville Avenue.
